		<hr/>
		\$1435 59

Total deficiency \$1637 45

The deficiencies reported Feb 20 1907 amounting to \$2098 16 were voted an appropriation at the March meeting but the assessors failed to put it into the assessment, hence the actual deficiency

this year would be \$3735 61

It will be noted that in the high school account we said "overdrawn \$66 51 and charged to loss and gain," this is wrong. There is now due from the state \$250 00 which properly belongs to this year's account which would really leave a balance unexpended of \$183 50

P. L. McNELLY, Treasurer.

REPORT OF THE CARIBOU PUBLIC LIBRARY

Another year has rolled around, and again the report from the Caribou Public Library is in order.

Your librarian's books show that between six and seven hundred people are taking books from the library. Number of books added, including those already ordered, one hundred and fifty, the most valuable addition being Woodrow Wilson's "History of the American People" in five volumes.

Amount collected for fines, \$33.62.

After a careful examination of the books during the month of January it was found that few books were missing that could be reported as actually lost, but the wear and tear of the books, where the library is open so large a portion of the time, is exceedingly and unnecessarily great.

The need for an entire revision of the present system is imperative, and your librarian recommends that it be entirely re-catalogued, placed under the card system and opened to the public on regular days and regular hours of the day, thus saving the need of calling the books in each year, preserving the library, and making a reasonable demand upon the person in charge.

Respectfully submitted,

MARY E. LUCE, Librarian.

REPORT OF THE SUPERINTENDENT OF PUBLIC SCHOOLS TO THE SCHOOL COMMITTEE

GENTLEMEN:

I herewith submit for your consideration the annual report of the condition and progress of the public schools of this town. It must be remembered that many of the results of school work are of a kind which it is impossible to tabulate and place on record, but which will appear in years to come in the civic, moral and religious character of our citizens.

ATTENDANCE

We are glad to state that the average attendance throughout the town has been excellent, as shown by the teachers registers. The number of pupils between five and twenty-one has not increased, but the actual attendance is much larger. This reflects creditably upon the support given by the parents to the schools.

To care for the increase in the first grade it has been necessary to secure an assistant. This grade at present registers sixty-nine pupils.

In order to accommodate the High school a part of the pupils are seated in the former ninthgrade room.

Grade IX has been removed to the S. E. Briggs hall. Thus opportunity for better work has been materially increased.

DISCONTINUED SCHOOLS AND WHY

It has not seemed wise to reopen the C. P. R. Station school for four reasons.

I. The pupils can secure better advantages in the village grades.

II. The majority of their parents realize this and prefer conveyance.

III. These pupils are evenly distributed throughout the nine grades, and so do not to any extent increase the attendance in the crowded rooms.

IV. The pupils are being conveyed cheaper than the school can be continued.

The Bowles school is discontinued because there are not enough pupils to make a school

legal. These pupils are conveyed to the Albair Road schoolhouse.

The Green Ridge pupils are being conveyed to the Hannah school house as the average attendance was not sufficient to maintain the school.

CONVEYANCE

The matter of conveyance has become a very serious one all over the State of Maine. It lies wholly in the hands of the committee and they have wisely restricted all conveyance to places where it is an absolute necessity, but have endeavored to give all pupils a fair opportunity for school privileges. In spite of the utmost caution the amount expended for conveyance is \$1224.50.

FUEL

It will be noticed from the selectmen's report that the total amount expended for fuel exceeds that expended during the previous year. This is unavoidable on account of the increased price of both wood and coal.

There is sufficient fuel on hand, with the exception of some coal for the High school building, to last throughout the present school year.

TEACHING FORCE

The teaching force in Caribou is as a whole excellent; the teachers have worked faithfully and enthusiastically.

The number of teachers who give only perfunctory service or decline to take measures for self improvement is small.

The following tables may be of interest. In considering table No II it should be remembered that the teachers in the High school and Ninth grade worked thirty-six weeks while the other teachers worked but thirty.

TRAINING COURSES

The training course for rural teachers is carried on in connection with the High school during each spring term and has fully justified its usefulness.

The members of the senior class who wish to teach are required to observe methods and take special training with our best teachers.

The course is under the direction of the superintendent, and those teachers who take the work give much better satisfaction in the rural schools than those without training.

TEXT BOOKS

Some important changes have been made in text books. The Nichols arithmetic has been changed for the Milne's Progressive, and the Raub's and Metcalf grammars have been changed for the more modern grammars, Steps in English.

I recommend a change in histories in Grades VII and VIII both in the village and rural schools.

It will be necessary to purchase quite a number of new geographies as those in use are badly worn.

The text books on hand are, as a whole, in excellent condition. This amount has been slightly overdrawn, but it is absolutely necessary to have the books to do the required work.

Total expenditure for text books, \$1002 99

GENERAL REPAIRS

Several important repairs have been made during the past year. A very unsanitary condition existed in the basement of the High street primary building. A concrete floor has been

and the sanitary arrangement much improved. A sink with running water has been placed on the first floor of this building. The outside has been painted and we report the building in good repair.

These repairs were more expensive than was expected but were necessary.

Slate blackboards have been placed in the Doyle, Lyndon Center and Madawaska Bridge schoolhouses.

The S E Briggs hall was properly furnished for a school room and the usual repairs were made upon the rural schoolhouses. For the following year I would recommend that the Doe schoolhouse be moved to the center of the district, and repaired and refurnished. It is at present costing the town \$10.00 per week to convey pupils living more than two miles from this schoolhouse.

It is impossible to heat large schoolrooms like the South Main, South Caribou and Grimes, by stoves. I therefore recommend that furnaces be placed under these buildings.

The John Harmon and the Limestone Line schoolhouses should be refurnished in the near future.

MADAWASKA BRIDGE SCHOOLHOUSE

The schoolhouse at Madawaska bridge has been painted outside, sheathed and painted inside and furnished with new seats, desks, blackboards and stove. This is now a very pleasant and attractive schoolroom, and it is of interest to notice the increased attendance and growing interest of the pupils.

MUSIC AND DRAWING

Although we have had no special teacher of drawing the work planned by the superintendent has been carried on by the several teachers and the results are very good. The pupils have showed a great deal of interest and in many cases marked ability.

MUSICAL SUPERVISOR'S REPORT

To A L Thomas, Supt of schools.

Dear Madam:—

It gives me great pleasure to submit the following report concerning the music during the past year:

It has been a source of satisfaction to me during my teaching in Caribou to observe the great interest which the pupils in all grades manifest in music.

The most marked improvement has been in reading, which was the weakest point. During the year we have introduced three part music into the eighth grade and adopted it wholly in grade nine. Lack of male voices in this grade has prevented the introduction of four part music.

A glee club has been formed in grades eight and nine and is doing good work. Lack of material has to a great extent handicapped us in attaining the best results. Were it possible to place books in grades three and four much better work might be accomplished.

In closing I wish to express my sincere thanks to our superintendent and teachers in the various grades for their hearty co-operation in my work.

Respectfully submitted

EMMA J BOOTH.

Supervisor of Music.

HIGH SCHOOL

We have been very fortunate in securing the services of Principal Wheeler for a second year.

Our former sub-master, Thomas Bowler, resigned in the spring of 1907 for a more lucrative position. His place was filled by Miss Florence Flewelling of Wellesley college.

Mrs C M Tooker and Miss S A Roberts have remained in the school. At the end of the fall term it was found necessary to add another assistant. Miss Jennie E Woodward was elected to fill the position.

A few changes have been made in the course of study. Penmanship and spelling have been introduced. The short course in German has been dropped and in its place another year of French has been substituted making three years of French. The number of hours in English has been increased. The increase amounts to about 200 more hours of English recitations per year. We are glad to report an increase in the percentage of attendance and a decrease in tardiness.

Since written excuses have been required the attendance has increased 4.65 per cent and the tardiness has been reduced over one half. This comparison is made between the winter term of 1906-07 and winter term of 1907-08. See table.

The Caribou High school has been accepted by State Supt. Smith as a school of standard high school grade.

The state money for High school purposes is due but has not been received yet.

The following table shows the increase in High school attendance and decrease in tardiness:

Terms	Percentage of att per term	No of tardinesses per week	No of tardinesses per term
Fall 1906	87	25	356
Winter 1906-07	89.3	35	396
Spring 1907	90	27	274
Fall 1907	91.37	25	376
Winter 1907-08	93.95	16	177

RECOMMENDATIONS

After careful consideration we recommend the following:

Common schools	\$6000 00
General repairs	1000 00
Insurance, apparatus and appliances	450 00
High school	1800 00
Text books	1000 00

CONCLUSION

The hearty support of citizens and parents, the co-operation of school officials with teachers and parents are the most necessary factors

requisite for the maintenance of a high standard of school work.

I feel that such support has been given me and wish to thank you and through you the citizens of Caribou for the personal help and sympathy which I have received in the performance of my duty.

Respectfully submitted

(MISS) A L THOMAS

WARRANT.

*To Archie St. Peter, a Constable in the
Town of Caribou in the County of Aroos-
took. Greeting:*

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the Town of Caribou qualified by law to vote in town affairs, to assemble at the P. of H. opera house in Caribou village in said town of Caribou, on the 23rd day of March, A. D., 1908, at ten o'clock in the forenoon, to act upon the following articles, to wit:

- 1—To choose a moderator to preside at said meeting.
- 2—To choose a clerk for the ensuing year.
- 3—To choose selectmen, assessors and overseers of the poor.
- 4—To choose a member of the school committee for a term of three years.
- 5—To choose a town treasurer for the ensuing year.
- 6—To see if the town will vote that the term of the road commissioner shall be three years.
- 7—To choose a road commissioner for the ensuing year.
- 8—To choose fire wardens, truant officers, constables and all other necessary town officers for the ensuing year.
- 9—To see if the town will grant and raise such sums of money as may be necessary for the maintenance and support of the poor and schools, and the repair of roads and bridges, and to defray all other town charges.

- 10—To see if the town will vote to grant and raise the sum of three hundred and fifty dollars to pay balance on school lot.
- 11—To see if the town will vote to raise money, either by loan or otherwise, to build a school building in Caribou village, and if so, how much, and also to vote of what material the building shall be constructed.
- 12—To see if the town will elect a building committee to act in conjunction with the school committee, and what instruction will the Town vote to give said committee relative to building by contract or otherwise.
- 13—To see if the town will vote to authorize the Selectmen and Town Treasurer to execute and sell Town of Caribou bonds for a sum not exceeding thirty thousand dollars, and for a term not exceeding twenty years, the proceeds of said bond issue to be used to build and equip a public school building in Caribou village.
- 14—To see if the town will vote to authorize the selectmen and town treasurer to execute notes to procure money to build schoolhouse, and if so for what time shall they be given and in what amounts.
- 15—To see if the Town will vote to grant and raise the sum of one thousand dollars as a sinking fund to be applied later to pay off bond issues.
- 16—To see if the Town will accept the town officers' report.
- 17—To see what sum of money the town will grant and raise for the repair of roads and bridges, and to buy a team and pay the road commissioner.
- 18—To see what sum of money the town will grant and raise for the support of a free High school for the ensuing year.
- 19—To see what sum of money the town will grant and raise for the repair of schoolhouses.
- 20—To see what sum of money the Town will grant and raise for the insurance of school

houses and appliances.

- 21—To see what sum of money the Town will grant and raise for the purchase of school books.
- 22—To see if the town will vote to authorize the selectmen and town treasurer to make temporary loans to pay current expenses of the town, not to exceed fifteen thousand dollars.
- 23—To see what sum of money the town will grant and raise for the observance of Memorial day.
- 24—To see what sum of money the Town will grant and raise to pay Caribou Water, Light & Power Company for rental of hydrants and street lights.
- 25—To see what sum of money the town will vote to grant and raise to pay a night watch the ensuing year.
- 26—To see if the town will vote to have any additional street lights, and if so, of what kind and where shall they be located.
- 27—To see what sum of money the town will vote to grant and raise to aid Caribou Public Library.
- 28—To see what sum of money the town will vote to grant and raise to be expended on sidewalks.
- 29—To see if the town will vote to move "Doe schoolhouse" nearer the center of the district, and repair same, and what sum of money shall be raised for that purpose.
- 30—To see what sum of money the Town will vote to grant and raise to repair schoolhouse in Doe district.
- 31—To see what sum of money the town will vote to grant and raise to pay the rent of suitable rooms for schoolrooms the present year.
- 32—To see what sum of money the town will vote to grant and raise to repair the schoolhouse in the Vance district.

- 33—To see what sum of money the Town will vote to grant and raise to build a new school-house near Charles Varnum's.
- 34—To see if the town will vote "yes" or "no" upon the adoption of the provisions of Chapter 112 of the Public Laws of Maine, for the year 1907, relating to the appropriation of money necessary to entitle the town to state aid for highways for the year 1908.
- 35—To see if the Town will raise, appropriate and set apart for the permanent improvement of the main highways within the town, such sum of money as is contemplated and directed by Section 5 of Chapter 112 of the Public Laws of Maine for the year 1907, being the sum of \$230 50.
- 36—To see what sum of money the Town will grant and raise to pay deficiencies.
- 37—To see if the Town will vote when the taxes which are assessed for the ensuing year, shall be legally due and payable.
- 38—To see if the town will vote to have any additional hydrants, and if so, how many, and where shall they be placed.
- 39—To see if the town will vote to accept the town way as laid out by the selectmen on petition of Edward Longley and others.
- 40—To see if the Town will vote to approve the location of a private way as laid out by the selectmen on petition of S. D. Little and L. G. Cheney.
- 41—To see if the town will vote to unite with the town of Limestone, for the purpose of employing a Superintendent of schools as provided by the school laws of Maine.
- 42—To see if the town will vote to have the selectmen convey what interest the town may have in the cemetery grounds at Lyndon Center to the Lyndon Cemetery Association.
- 43—To see if the Town will vote to direct the selectmen to build another catch basin on High street.

44—To see if the Town will vote to accept the list of jurors as made out by the selectmen and town treasurer.

45—To see what sum of money the Town will vote to grant and raise to be expended on the Pelky road.

The selectmen hereby give notice that they will be in session for the purpose of correcting the list of voters on the three secular days preceding the day of town meeting, being the nineteenth, twentieth and twenty-first days of March, A. D., 1908, from nine o'clock a. m. to five o'clock p. m. of each day at the town office on Sweden street in Caribou village.

Given under our hands this fourteenth day of March, A. D., 1908.

FREMONT SMALL	} Selectmen of Caribou
